and application for manufacturing purposes.

Our No. 3 Machines are especially adapted to all kinds of light and heavy leather work, in carriage trimming, boot and slace making, harness making. etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest dashes. There is scarcely any part of a Trimmer's sticeting that cannot be better done with them that by hand; so, too, the saving of time and labor is The table of these machines is 24 usual quantity of thread. The large machines

work as fast as small ones.

We would ask for our Letter A Machines, the special attention of Vest Makers and Dress Makers, and all those who want Machines for light monagertering purposes. They embody the principles of the standard machines, making I ke them, the inter-locked set in, and are destined to be as celebrated for family sewing and light manufacturing purposes as our standard machines are for manufacturing as our standard in the purposes in general.

We have always on hand, H mming Guages, Sifk, Twist, Linen and Cetton Torcad on Speeds,

Silk, Twist, Linen and Collon Tureau on Sports, best Machine Oil in Bottles, etc., etc.

We manufacture our own needles, and would warn all persons using our machine not to buy any others. We know that there are needles sold of others, we know that there are needes soul of the most inferior quality, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. A bad needle may render the best machine almost needess. Our custoners may rest assured that all of our Branch offices are furnished with the "genuine ardets." In case of small purchases, the money may be sent in postage stamps or bank notes. Correspondents will please write their name distinctly. It is all important that we should, it each case, know the Post Office, County and State

DR. J. B. SMITH! Would respectfully inform the citizens of Wood county that he has permanently located himself in Bowling Green for the purpose of practicing Medi-cine and Surgery. In addition to a regular course of sintly, Mr. 8, has made himself acquarated with the special mode of distinguishing diseases by an examination of the urine of the potient as practiced by the late DR, DELANBAUGH, and for all Chronic This Machine is constructed on an entirely new principle of Machanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be simplicity and perfection combined.

The following are the principal objections urged against Sewing Machines:

1.—Excessive fatigue to the operator.

2.—Liability to get out of order.

3.—Expense, trouble, & while in operation.

THE EMPINE SEWING MACHINE IS EXEMPT FROM ALL THESE OBJECTIONS.

It has a straight needle, perpendicular action, makes the Lock or shortle strict, which will neither ip nor ravel, and is alike on both sides; performs perfect sewing on every description of material, from leather to the finest Nansook mustin, with cotton, linear, or silk thread from the coarsest to the

DR. ROBACK'S SCANDINAVIAN REMEDIES. When Dr. Roback, the renowned Swedish Phy-sician, introduced his Blood Purifier and Pills into the United States, he set forth in plain terms their curative properties. This was years ago. The task of recommending them has since been taken out of his hands. Enlightened men, whose character for sound judgment and philosophy gives their opinions sound judgment and philosophy gives their opinions weight in the community, in in who observe, reflect and make "assurance doubly sure," before they decid,, are everywhere approving and urging the use of those wonderful preparations. All who could in the wisdom and honesty of this class, or who choose to investigate for themselves, are now of one mind or the investigate for themselves, are now of one No. 1, or Family Machine. \$45 00, No. 2, Small mind on this important subject, sized Manufacturing, \$60 00, No. 3, Large sized Manufacturing, \$75 00.
